

Triumph cloud (RDP) through Ipad

1. Download from the Apple Apps 'RD Client'

2. Open the app and setup a new remote resource (using the + on the right hand side)
Add New:

Remote Resources

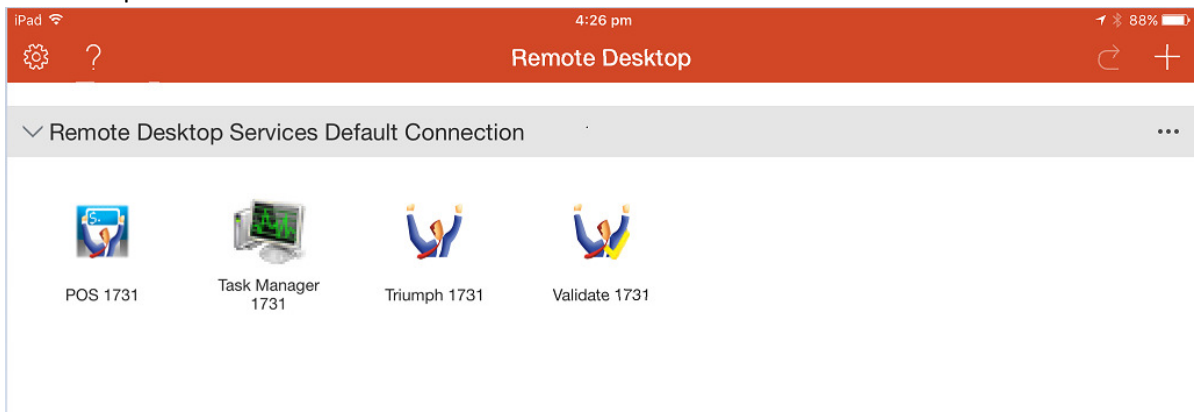

- i. Email Address or URL: 1731.triumph.com.au
- ii. User Account: 1731\User[*your user number*]

Add user account:

- iii. 1731\User[*your user number*]
Password (from the cloud masterlist)

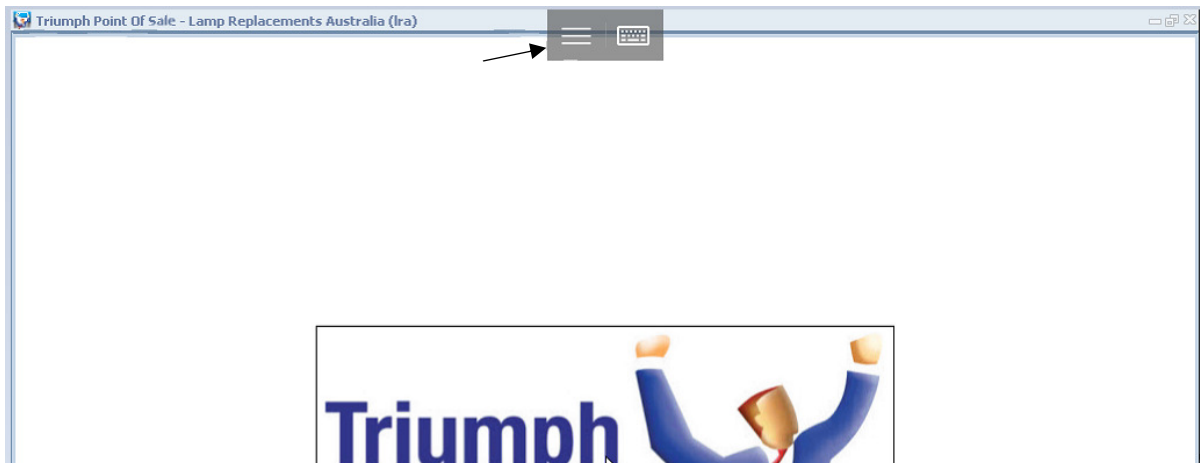

'Find Feed' button on the right

3. This will open a screen:

where you can select whether to login as point of sale, standard Triumph or to Validate

Hints when opening a new remote session:

you will see 'more options' (three horizontal lines) icon.

Press this icon

Press the icon for touch

This will make the interface more responsive for the touch screen.

Use the screen icon to display the onscreen keypad
